

# Christmas Bingo

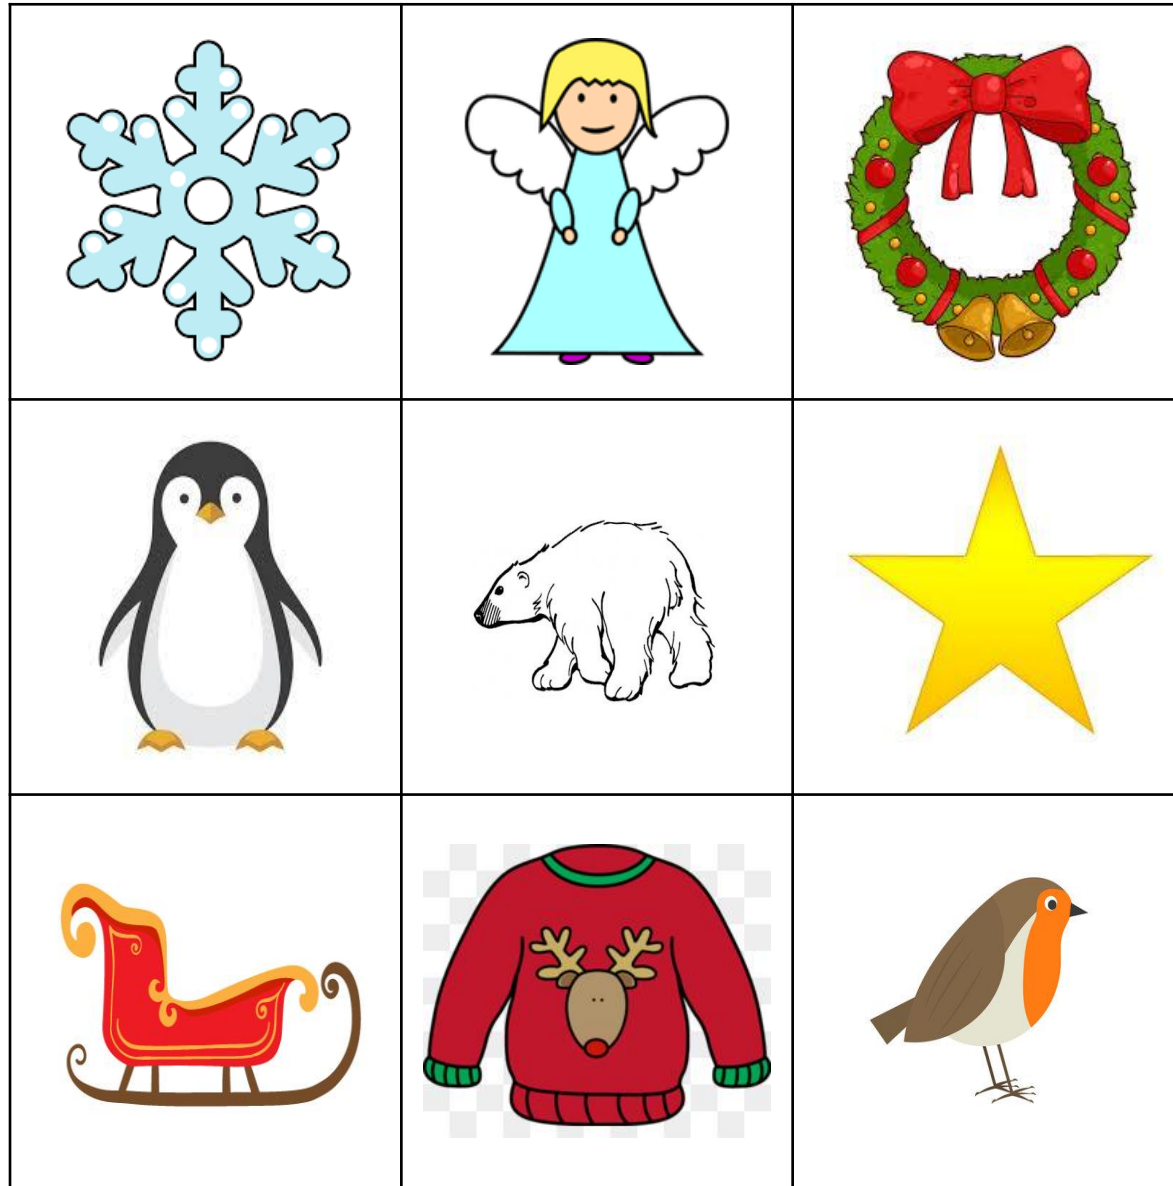

- Cut out each bingo board and hand out to the people playing the game.
- Cut out all the words and fold the words in half.
- Place the words into a box or cup.
- One person's role in the game is to lift one word at a time out of the box/cup and tell the players or show what the word is.
- If the word matches your picture on your board, you put an X on it.
- The winner is the person who has put a X on all their pictures.
- You can then swap boards and let someone else call out the words.
