My _____ or _____ will use my calendar to show what we are doing each day.

At Christmas time people like to give presents.

This means I might have more people visiting my house or I might go to another house to give them presents.

My ___ or ___ can use my 'Who's Visiting' visual to show me who will be coming to my house.

When the Christmas holidays are over, I will be going back to school.

My ___ or ___ will show me on my calendar when school begins again.

When I go back to school, I can share with my teacher and friends what I got up to over the Christmas holidays.
