Make a Calming Jar

Step 1 Gather up everything you will need; glitter glue or clear PVA glue, glitter, warm water and a clear plastic bottle with a screw lid

Step 2 Add the PVA or Glitter glue to your bottle, it can be trial and error, start with a fifth of your bottle, you can always add more later if needed

Step 3 Fill the rest of your bottle with warm water and give it a good shake to mix the glue and water

Step 4 Add your choice of glitter. Play around with extras if you have them e.g. water beads, confetti or food colouring Tip-remember to glue the lid onto the bottle to prevent any spills

Rocky Roads

Ingredients

- 200g digestive biscuits (Rich Tea can also be used)
- 135g butter or margarine
- 200g dark chocolate (70% cocoa works best)
- 2-3 tbsp golden syrup
- 100g mini marshmallows (chopped regular marshmallows work too)
- icing sugar, to dust

Method

STEP 1

Grease and line an 18cm square brownie tin with baking paper.

STEP 2

Place 200g digestive biscuits in a freezer bag and bash with a rolling pin or just the side of your fist until they're broken into a mixture of everything between dust and 50p-sized lumps. Set aside

STEP 3

In a large saucepan melt 135g butter or margarine, 200g dark chocolate and 2-3 tbsp golden syrup over a gentle heat stirring constantly until there are no or almost no more lumps of chocolate visible, then remove from the heat. Leave to cool.

STEP 4

Take the biscuits, 100g mini marshmallows and stir into the chocolate mixture until everything is completely covered.

STEP 5

Tip the mixture into the lined baking tin and spread it out to the corners. Chill for at least 2 hrs then dust with icing sugar and cut into 12 fingers.

Chocolate Chip Cookies

Ingredients

- 120g butter, softened
- 75g light brown sugar
- 75g golden caster sugar
- 1 medium egg
- 1 tsp vanilla extract
- 180g plain flour
- ½ tsp bicarbonate of soda
- 150g dark chocolate, cut into chunks

STEP 1

Heat oven to 180C/160C fan/gas 4 and line two baking sheets with parchment.

Cream the butter and sugars together until very light and fluffy, then beat in the egg and vanilla.

Once combined, stir in the flour, bicarb, chocolate and ¼ tsp salt.

STEP 2

Scoop 10 large tbsps of the mixture onto the trays ,leaving enough space between each to allow for spreading.

Bake for 10-12 mins or until firm at the edges but still soft in the middle – they will harden a little as they cool.

Leave to cool on the tray for a few mins before eating warm, or transfer to a wire rack to cool completely. *Will keep for three days in an airtight container.*

Fairy Cupcakes

Ingredients

100g butter
2 eggs
2 tsp Vanilla extract
100g caster sugar
100g self-raising flour
150g Icing sugar
Handful of sprinkle decorations

Step 1

Preheat the oven to 170°C (fan 150°C, gas mark 3). Line a muffin tray with 10-12 paper cases.

Step 2

Beat together the butter and sugar, then add the eggs one at a time mixing between each addition. Add the vanilla extract.

Step 3

Carefully fold in the flour until just incorporated.

Step 4

Spoon the mixture into the paper cases and bake for 15-20 minutes until golden on top. Insert the tip of a knife into the cases to check that they are baked throughout. If they are ready the knife should be clean when removed from the sponge.

Step 5

Allow to cool on a rack.

Step 6

To make the icing, add a few drops of water to the icing sugar until the consistency becomes smooth and glossy. Add more water if needed, or if the icing becomes too runny add a touch more icing sugar to thicken.

Step 7

Spoon the icing on to each cake and decorate with a handful of coloured sprinkles.
